

Concrete snail and mushroom

Instructions No. 2490

Difficulty: Beginner

Working time: 5 Hours

This impressive decoration is perfect for spring. The mushrooms and snails were cast from concrete and decorated with mosaic stones and pouring colours. Learn how to recreate the decoration in this tutorial.

Colouring mushrooms with Pouring

To colour, pour the desired Pouring colours directly from the bottle over the mushroom heads. Swirl the mushrooms slightly back and forth so that the colours blend into each other. Allow to dry.

Arrange everything

Once the figures are finished, they can be decorated on the tree discs together with moss and dried flowers. Use craft glue to fix them in place.
