

# Weihnachtskugeln marmorieren & plotten

Instructions No. 3124

Difficulty: Advanced

Working time: 2 Hours

The festive season is just around the corner and what could be more festive than **homemade Christmas baubles**? In this detailed step-by-step guide, we'll show you how to create beautiful Christmas baubles using the **fascinating technique of marbling**. We'll also explain how you can add **personalised lettering with your Cricut machine** to give your baubles that extra personal touch. Bring the Christmas spirit into your home and impress friends and family with your creative skills!

## Step 5: Draw in the pattern

Now you can draw patterns in the colours with the bamboo skewer: Lines, waves or curls. Be creative and try out different

patterns until you like the design.

### Step 6: Marbling the Christmas balls

Carefully dip the baubles into the pattern on the surface of the water and pull them out again immediately. Plug the bamboo skewer with the bauble into the flower arrangement foam so that the colour can dry.

#### Tip:

You can immerse the ball completely or only partially to create unique effects.

### Step 7: New patterns and colour effects

Would you like to try out a new pattern or a different colour effect? You can remove the colour residue from the surface of the water by dragging a piece of paper through the water. Then add new drops of colour to the water and draw a fresh pattern with the bamboo skewer.

### Step 8: Personalise baubles with Cricut

If you want to personalise your baubles, open the Cricut Design Space program on your PC or tablet and create lettering as desired. Plot out the lettering according to the programme's instructions. Remove the excess film, position the transfer film on top, peel off the lettering and place it on the baubles.

## Must Have

Cricut Maker 3

465,00 €

RRP 479,99 €
